

## EMERGENCY BUS ROUTES - MPCUD #23

When the Superintendent calls for emergency bus routes, the following designated pick-up points will be used because of severely drifted or impassable roads. These routes will also be used to accommodate the spring thaw when buses are not permitted on the country roads. Announcements will be made designating an "Emergency Bus Route" schedule over radio and TV stations (listed at the bottom of this page), TeacherEase email notification, and the individual school Facebook pages.

Parents in outlying areas, when conditions permit, may choose to meet the buses at the designated pick-up points or deliver them to school. Evening routes should end 30-45 minutes after school dismissal. Please plan to be at the pick-up points before the estimated bus arrival. Buses will not wait for late arrivals.

### Mt. Pulaski

Driver	General Route	Estimated Arrival Time
